General Data Protection Regulation Policy

Key terms

- Data controller** - Anybody (person or organisation) who decides what personal data to collect and how to process it.
- Data Subject** - Any living person about whom you collect, hold or use personal information.
- Data protection officer**- The person in your organisation who makes sure you comply with the Data Protection Act 1998.
- Data Processing**- From the moment someone's details are taken to the moment their file is finally shredded or deleted, data is being processed.
- Personal Data**- Any information about a living person could be personal data, from name and phone number to family history or financial details.

- "The Data Protection Officer" holds a separate permanent post within the committee which includes the duties of Membership Secretary and Data Controller.
- Each member will supply, upon renewing membership, up-to-date details as follows:- Name, Postal Address, Telephone Number, Email Address. This information will be available to the Chair, Secretary, Membership Secretary, and Treasurer only, and will be used for purposes of emergency contact only.
- The information supplied by each member will be re-checked and signed at – or immediately after – the AGM, by means of a data protection register to be kept by the Data Controller.
- All data will be kept as a single data file: one software copy and one paper copy – the "data protection register" held by the membership secretary, three further paper copies held by the Chair, Treasurer and Secretary. Each stored securely. A circulated list of members will contain details of only those members who have clearly expressed the wish to be included in such a list (but will list all members names).
- The members of the Guild will comply with the following requirement:
- Members holding a copy of the list are reminded of their responsibilities under the General Data Protection Regulation. Only paid-up members are allowed to use the circulated list data, and only for Guild purposes.
- Ex-members must destroy all Guild data lists; current members must destroy out-of-date lists.
- No data may be quoted to anyone who is not a member of the Guild. Data lists may not be shown to, lent to nor accessed by a non-member.
- All data of members known to be inaccurate or in need of amending will be edited on the stored data lists and verbally given out at the next business meeting, **if permission is given by the member to do so.**
- This policy statement will form part of the notes given to new members, and will appear at the beginning of the data protection register.
- This policy will be re-addressed at each AGM for any necessary revisions, legislation changes and changes of responsibility within the Guild.

Reminders:

Only paid-up members are allowed to use the circulated list data, and only for Guild purposes.

Ex-members must destroy all Guild data lists; current members must destroy out-of date lists.

Make sure you have ticked the box overleaf if you do not agree to having photos of your or your work put on our Social Media pages
